

Metallography

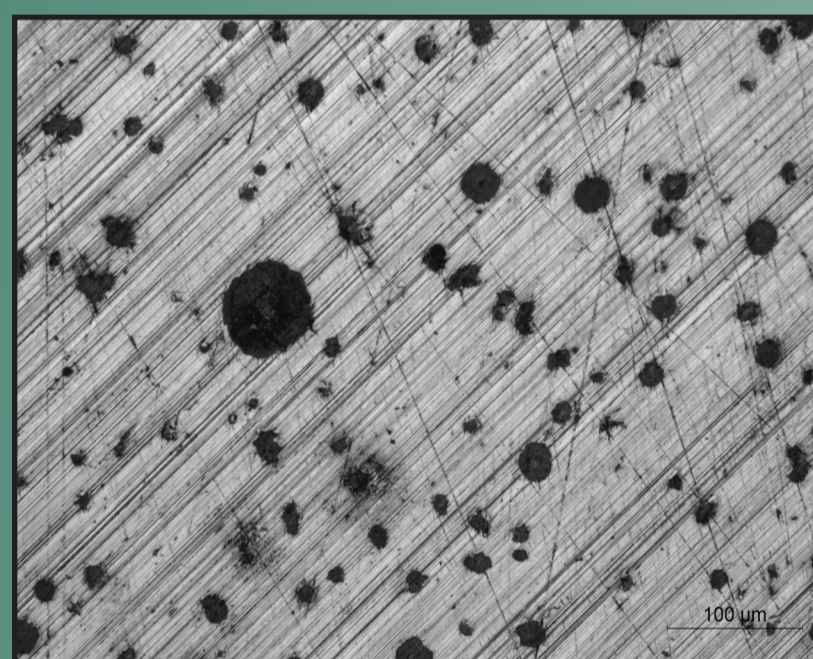

Revealing the true microstructure of a material by the controlled removal of structural damage

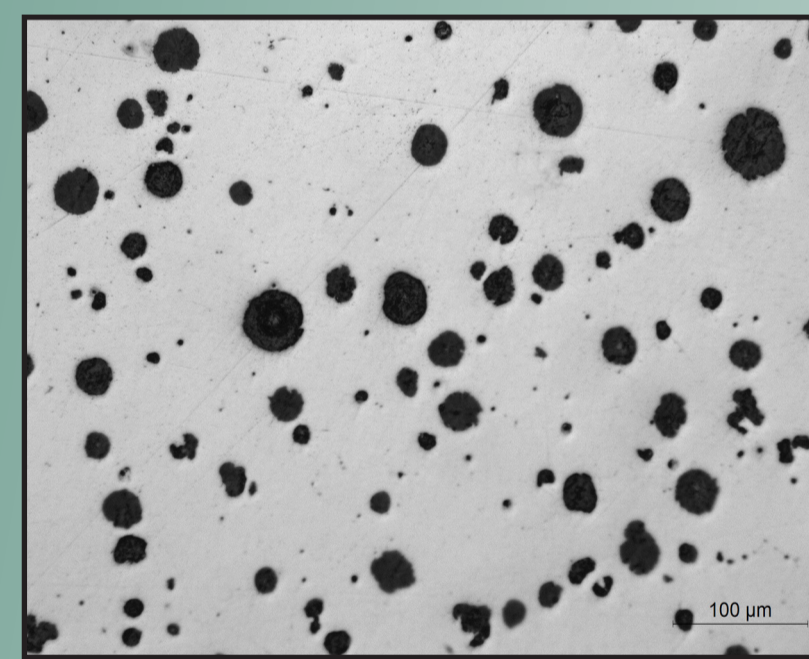

SG Cast Iron and Carbon Fibre Composite Preparation

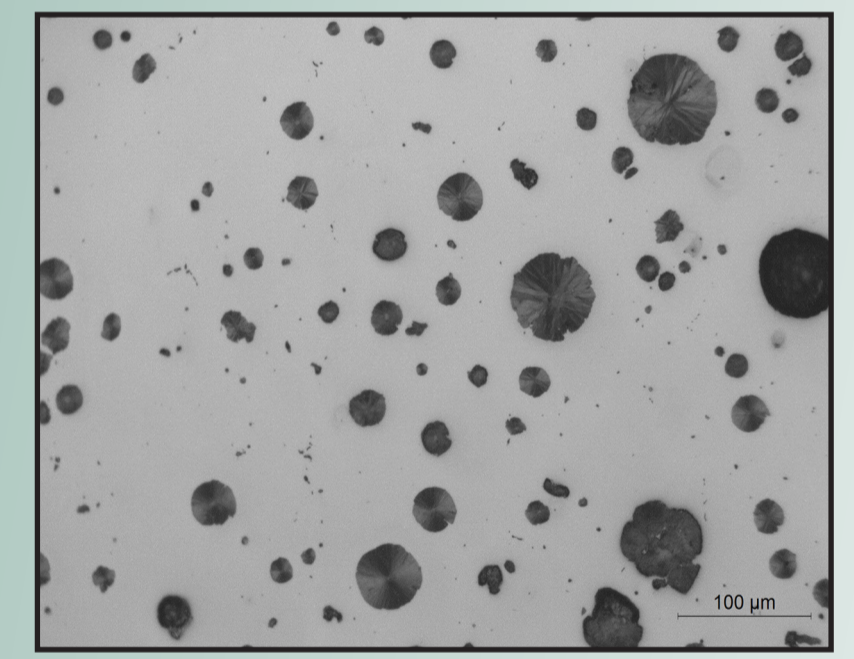

P240g
Silicon Carbide

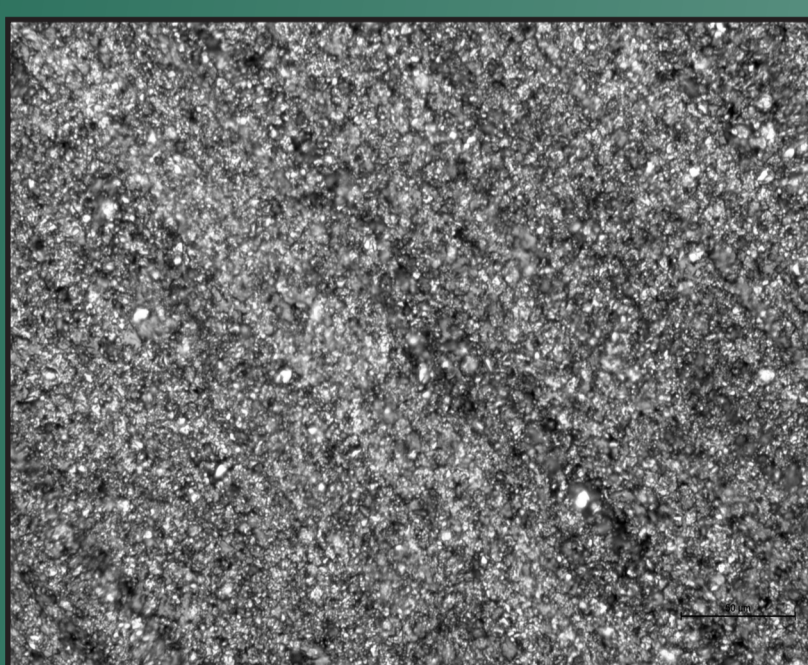

9µm Diamond
Planocloth H

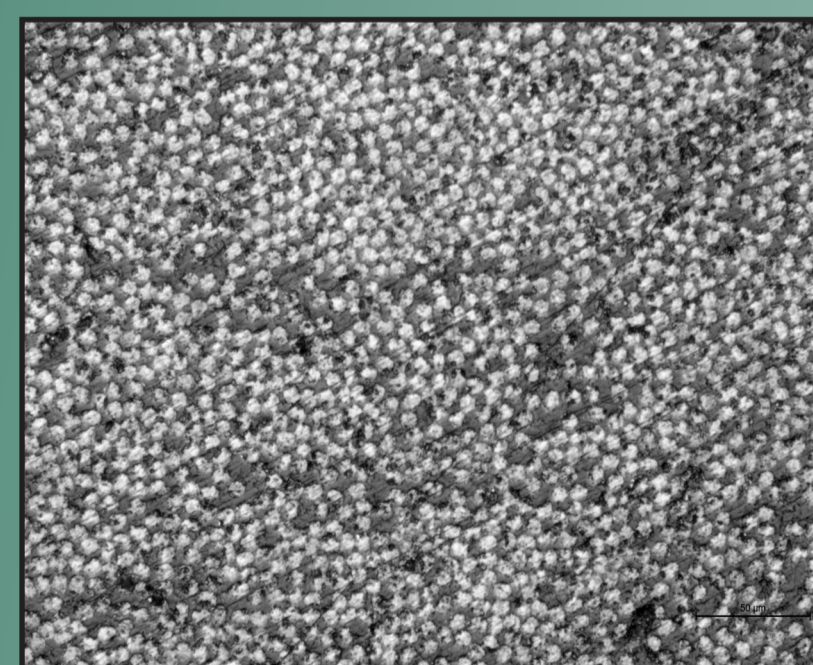

3µm Diamond
Nylap

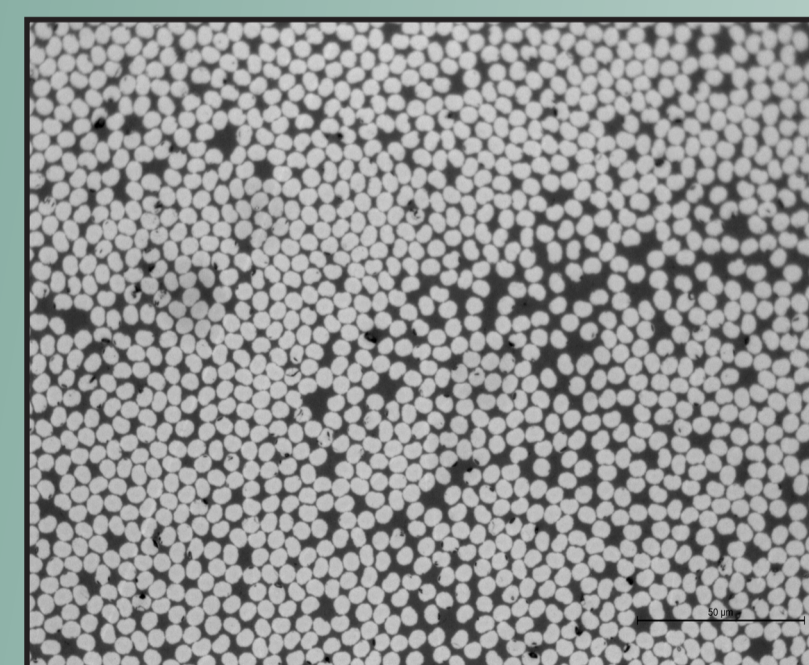

0.04µm OPUS
Planocloth

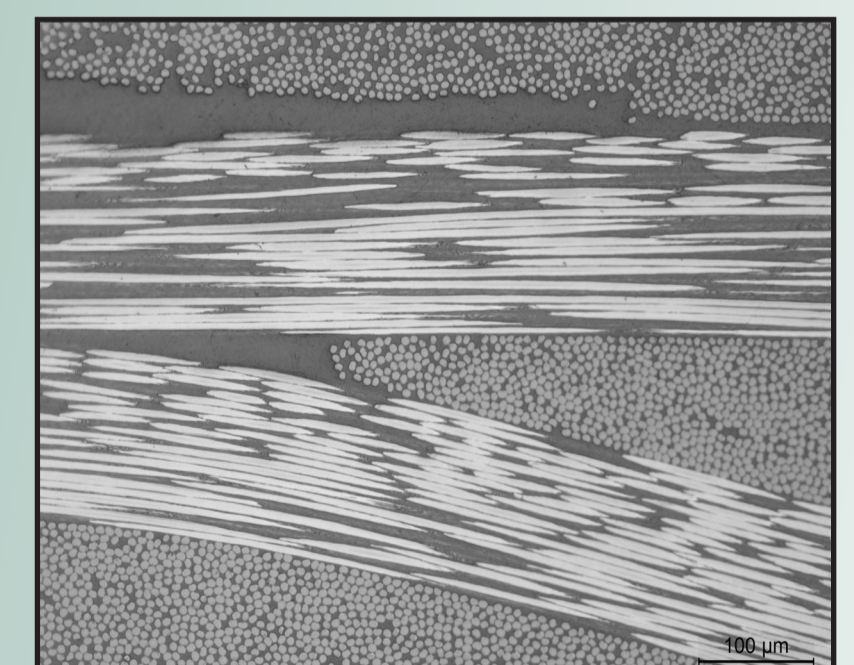

P320g
Silicon Carbide

9µm Diamond
Planocloth H

0.3µm Alumina
Planocloth

0.04µm OPUS
Multicloth
